Luna's

TORTILLAS

The At Risk Children (ARCH) Center at Children's Medical Center is dedicated to improving the quality of life of "at risk" children within our community. The ARCH Center is a medical home for children affected by HIV disease, born extremely premature, who have been physically or sexually abused, neglected or abandoned, lead poisoning, and infectious disease. Many of the patients are shared between services, and having these services available offers a seamless, comprehensive healthcare for these vulnerable children and their families.

Upcoming fundraiser events benefiting the Francisco X. "Pancho" Luna Dia de los Reyes Festival:

- Memorial Day Fiesta, Sunday, May 30th
- End of Summer Classic with the Jokers, Saturday, August 21st
- Golf Tournament, TBA for date in early Fall

Please continue to visit www.lunastortillas.com for future updates. We appreciate your support and look forward to seeing you at the next event.

Thank you,
Luna's
